Bring in Your Silver and Gold.

Bring in the most tarnished you have and let us clean it for you. It's only a matter of about two minutes—in fact you can clean it about as fast as you can dry it. "SILVER DIP" does it. It's a wash, not a paste, and contains nothing that will harm the most delicate surface. Let us show you. Special demonstration this week.

THE HOMER FITTS COMPANY

Best Freezer on Earth

BECAUSE

1. Ice cream frozen in a "WONDER" has a delicate and delicious consistency unequalled by that frozen in any other.
2. The operation of freezing requires less exertion because of the scientific arrangement of the paddles which give to the cream a separate and distinct up-and-down motion of the cream in the can. This means rapidity in freezing and the most delicate and delicious ice cream.
3. It lasts longer than any other because it is more carefully made and only the best material is used. The tub never warps because it is made of pine with absolutely tight fitting staves saturated with paraffine.

They come in all sizes, but in only one quality.
